

S90 XS / S70 XS Remote Tools V1.1.7 for Windows Release Notes

The S90 XS / S70 XS Remote Tools V1.1.7 consists of the following software components.

- S90 XS / S70 XS Remote Editor V1.1.7
- S90 XS / S70 XS Extension V1.1.6

Attention

If the S90 XS / S70 XS Remote Tools under V1.0.3 has already been installed to your computer, uninstall that version of the Remote Tools before installing this version.

Main Revisions and Enhancements

S90 XS / S70 XS Remote Editor, S90 XS / S70 XS Extension

V1.1.6 -> V1.1.7

- Now supports Cubase 9.5 series.
- Fixed some minor problems.

Minimum System Requirements

NOTE

- Note that the system requirements may be slightly different from those described below depending on the particular computer.
- Keep in mind that the software is often updated and the system requirements are subject to change. You can check the latest version information of each program and its system requirements at the following website:

<https://download.yamaha.com>

OS	64-bit* Windows 7 SP1 / Windows 8.1 / Windows 10
DAW Application	Cubase 9 series
Others	These system requirements conform to those of the DAW applications and OS.

* Operation is not guaranteed in Windows XP mode on Windows 7 or in the Boot Camp partition on Mac OS.

Installing the application

1. After the downloaded compressed file is properly extracted, double-click a following file.
Install S90 XS _ S70 XS Remote Tools.exe
2. Follow the on-screen instructions to install the software.

For users of Windows 10

Starting the application:

Click "All apps" in the Start menu to see the full list of applications. You can start the application by clicking the icon.

Uninstalling the application:

1. Click "Settings" in the Start menu to call up the Settings window. In the Settings window, click "System" > "Apps and features."
2. Click the "Uninstall" button for the application.

For users of Windows 8

Starting the application:

Once the application is successfully installed, an icon of the application will be in your Windows 8 Start screen. You can start the application by clicking the icon.

NOTE

If the icon is not listed, right-click an empty area of the Start screen and select "All apps." Then select the application icon from the application list.

Uninstalling the application:

1. Right-click the application you wish to remove in the Windows 8 Start screen. If it's not listed, right click an empty area of the screen and select "All apps."
2. A check will be placed on the application you selected. Select the "Uninstall" option that appears at the bottom of the screen.
